For Immediate Release

THE GOOD TIME ROLL ON THE FOUR WINNS® H180

Cadillac, Michigan... Leave behind the ho-hum responsibilities and let the good times roll on the 2009 H180. With an LOA of 17'5" and a 7'7" beam, the H180 is the most compact in the Four Winns line. But Four Winns knows how to make a compact boat look and feel like luxury. The result is a boat that has a huge capacity for fun.

Thanks to the Stable-Vee® hull design, even novice boaters will feel at home behind the helm of the H180. This patented running surface gives the H180 its smooth handling characteristics. It gets up on plane quickly and carves a turn gracefully. It's a difference that is noticeable even when the boat is at rest.

The H180 helm is designed to fit a variety of drivers, thanks to a new updated tri-spoke tilt steering wheel. New helm and port console materials have been selected for an updated appearance. The gauges have polished bezels that stand out with for maximum visibility. A depth sounder is available as an option.

A Sony AM/FM/CD player stereo is standard, and features a new standard Bazooka® subwoofer. A standard iPod/MP3 port and 12 VDC receptacle make it easy to enjoy a music collection or charge a cell phone.

Top-grade components are abundant aboard the H180. The cockpit interior shines with well-designed bucket seats that are very accommodating, and upholstered with AquaFlex vinyl in tasteful color arrangements that compliment exterior gel coat colors. The cockpit includes new carpet that is both attractive and durable over a fiberglass liner.

Four Winns is offering the H180 in two floor plans. The standard seating includes port and starboard bucket seats, along with hi-lo positioning jump seats at the stern; the cushions of these removable seats can be reversed to provide a step surface. Available SunSport seating has an aft sun deck and full-width bench seat with storage beneath.

Water sports enthusiasts may consider adding the new wakeboard tower for good looks and sport functionality. Optional wake board racks and ski mirror can be added to the tower. Plus, showing school or national pride takes to the water with the optional flag pole and holder mounted at the stern with sturdy stainless steel hardware.

An integrated swim platform is equipped with a hidden deep-reach ladder with wide step pads for swimmers' comfort. Plus, new standard features include a rub rail with new flex chrome inserts, and stainless steel grab handles and beverage holders. Blue courtesy lighting is another helpful standard upgrade for 2009.

Four Winns has engineered plenty of storage into the H180. There's storage beneath the bow seats and in the sidewalls of the cockpit, plus a large, in-floor locker with a hinged lid to store gear.

Four Winns offers premium exterior gel coat for beauty and durability. The standard full gel band is a wide swath of color, and is available in six colors, including the new Pastel Blue and Pastel Yellow. An all-white gel scheme is also available. A hull accent tape is included in a matching or contrasting shade for a wide range of color scheme possibilities. Optional wave graphics with silver highlighting can be applied over the top of the full color band, along with a silver hull accent tape.

Customers can choose from Volvo Penta's 3.0 GL/SX 135 hp, or 4.3 GL/SX 190 hp; or an Alpha Drive from MerCruiser with 3.0 L 135 hp or 4.3 L 190 hp.

A custom matched Four Winns Sure-Load™ trailer is a key part of what makes this package such a good one. Disc brakes are standard for safety and a space-saving swing away tongue makes storage easier. Its low-profile, bunk design keeps the boat's center of gravity low, for greater stability while towing. Because it has been custom-designed to fit the running surface, launching and loading are quick and easy. Ideal for saltwater use and long-hauls, the galvanized trailer with GatorHyde™ is an option for even greater durability. A trailering cover is an additional option.

Winning Edge Owner Protection Plan

All Four Winns boats for 2009 provide boaters with one of the most comprehensive warranties in boating.

- Lifetime limited warranty on structural components of the hull and deck
- Five years of pro-rated protection against osmotic hull blistering
- Two years limited warranty coverage on non-structural parts and components
- One-year limited warranty against cracking, crazing or fading of the exterior gel coat finish

Four Winns - A Genmar Boat Company

Four Winns is a division of the Genmar family of boat brands. Genmar, with approximately 4,000 employees and five manufacturing centers, is the builder of 14 premier brands of recreational boats which include Carver®, Champion®, Four Winns®, Glastron®, Hydra-Sports®, Larson®, Marquis®, Ranger®, Scarab®, Seaswirl®, Stratos®, Triumph®, Wellcraft®, and Windsor Craft®. Genmar boats are sold worldwide through its approximately 1,100 dealers. Additionally, Genmar utilizes its proprietary VEC® Technology and the Roplene® process in both the manufacture of certain of its recreational boats and for third-party manufacturing.
