THE H210: FOUR WINNS FINDS SURE-FOOTING IN FAMILY FUN AND WAKE SPORTS

Cadillac, Michigan... The 2009 H210 is a fine example of Four Winns' ability to build boats suited to all types of boaters. With its integrated swim platform, the H210 is a generous 20'10" and packs a powerful punch with its many deluxe features. The bow boarding ladder, and a walk-over transom that accompanies the optional SunSport seating contribute to the exciting design. At the swim platform, Four Winns includes its signature angled, hidden deep-reach ladder with wide step pads for the swimmer's comfort. Plus, the Stable-Vee® hull design ensures a smooth, comfortable ride across the full range of RPMs.

When it is time to take a step beyond the classic sport boat, the H210 can be outfitted with stunning add-ons sure to please the most progressive boaters. New for 2009 the H210 is available as a Frenzy edition for those who demand a unique look. The Frenzy edition includes signature exterior graphics that represent the action and thrill of water sports. Color options include Jet Black, Sunset Orange, True Red and Classic Navy. Frenzy helm and port console gel coating matches the exterior color. Seating also features color-coordinated vinyl trim and sew patterns to accent the exterior. Specially designed carpet in the Frenzy edition mimics the pattern of the exterior graphics as well.

In addition to exterior appearance, the H210 can be geared up for more advanced water sports. Add the Ultimate Wakeboard Tower or Arch package as the next step in customizing for wake sporters, equipping it with either a stainless steel arch with ski tow or a wakeboard tower – both include board racks and a custom bimini top. The package also includes lights, extra stereo speakers, a ski mirror (with tower only), and a swim platform mat.

The H210 affords plenty of space for family and friends in a wide variety of seating configurations for maximum comfort and function. In the cockpit, the new starboard bucket seat is more accommodating with suspension and flip-up bolster for an extra smooth ride. The deluxe bucket seat also features improved adjustment mechanisms that allow rotation and forward/aft movement. Foldout back/back lounge seating is on the port side making a day on the lake all the more relaxing. And at the stern, adjustable hi-low seats add to the boat's versatility. Of course, seats feature Aquaflex™ vinyl, tops in marine-grade upholstery, in tasteful color arrangements that compliment exterior gel coat colors. The cockpit includes new carpet that is both attractive and durable over a fiberglass liner.

The captain will appreciate the new carbon fiber-style material at the helm. The gauges are accented with polished, raised bezels, and the deluxe tri-spoke tilt steering wheel is flanked by controls that are both logically arranged, and very reliable. Rotary switches, toggle-style controls and push-button activators have been specifically chosen to best handle the task they perform.

The Faria gauges include a tachometer with an hour meter, fuel gauge, oil pressure, speedometer, temperature gauge, trim gauge, and volt meter. The depth gauge now displays air and water temperature for added convenience. The plastic lenses in these gauges are specially coated to resist fogging and condensation.

The Sony AM/FM/CD player stereo is at the driver's fingertips, conveniently located to the right of the steering wheel. For serious music lovers, there is a stereo package upgrade that includes a Kicker

amplifier and a 10" subwoofer. An iPod/MP3 port and 12 VDC receptacle are at the helm, making it easy to enjoy a music collection or charge a cell phone. The ports are located in a storage cubby lined with non-skid material that minimizes sliding and jostling of electronic devices.

Four Winns has mastered the art of efficient and plentiful storage. Hinged lids lift to reveal storage beneath the bow seats and behind the backrest at helm and passenger consoles. A large, in-floor locker provides space for oversized gear. There's also a generous cockpit sidewall storage area.

The H210 features standard stainless steel pull-up cleats, rub rail, grab handles and stainless steel cupholders. Best of all, the H210 is equipped with blue courtesy lighting standard, and is available with optional under swim platform lights that illuminate the water for a superb evening atmosphere. At the transom, a power trim switch is available as an add-on.

The H210 features a bimini top, fabricated from top-quality, high performance Sunbrella® fabric and stainless steel hardware. A newly designed top frame mounting pin makes managing the bimini top even easier.

Every boater is an individual, and Four Winns provides enough exterior gel schemes to satisfy just about any individual. Choose the standard two-tone narrow band premium gel coat finish featuring wave graphics accented with silver highlights. Four Winns gel coat is available in six colors, including the new Pastel Blue and Pastel Yellow. The H210 is also available in all-white with wave graphics. A classic color band option is another option, featuring a wide swath of gel coat along with a matching or contrasting hull accent tape that is positioned just above the water line. The classic color band solid hull is also available, featuring gel coat that completely coats the hull from top to bottom. To further personalize the H210, Four Winns offers the tri-tone gel scheme with or without a wave graphic, which includes a deck stripe, a hull accent tape, and a broad coating of rich gel color in between. The tri-tone is also available with a classic color band solid hull, and with a variety of color combinations.

Customers can choose from many engine choices: Volvo Penta choices range from 4.3 GXi/SX 225 hp to 5.7 Gi/SX 300 hp; or MerCruiser power from 4.3 MPI/Alpha 220 hp to 350 MPI/Bravo I DTS 300 hp.

Four Winns is one of the only boat manufacturers in North America to manufacture its own trailers. The Sure-Load™ tandem axle trailer is custom matched to the finish of the H210, and it features the swing-away tongue design for easy storage. The carpeted bunks of the trailer cradle the boat's running surface, gliding on and off with minimal effort. Tops in safety, this Four Winns trailer is equipped with disc brakes, enhanced LED lights and built-in ratchet straps. A heavy duty jack stand is included. Ideal for saltwater use and long-hauls, the galvanized trailer with GatorHyde™ is available for even greater durability; and a Turbo Lube® system with oil bath bearings facilitates quick and easy visual oil inspections.

SIRIUS Satellite Entertainment

In addition to a Sony stereo AM/FM/CD player, and an iPod/MP3 port with 12-volt charger, Four Winns has outfitted each 2009 model with a SIRIUS satellite entertainment system. Included is a free 6-month subscription to SIRIUS' 100 + commercial free channels. For more information on the SIRIUS satellite system go to www.siriusradio.com where subscribers can also listen on-line.

Winning Edge Owner Protection Plan

All Four Winns boats for 2009 provide boaters with one of the most comprehensive warranties in boating.

- Lifetime limited warranty on structural components of the hull and deck
- Five years of pro-rated protection against osmotic hull blistering
- Two years limited warranty coverage on non-structural parts and components
- One-year limited warranty against cracking, crazing or fading of the exterior gel coat finish

Four Winns - A Genmar Boat Company

Four Winns is a division of the Genmar family of boat brands. Genmar, with approximately 4,000 employees and five manufacturing centers, is the builder of 14 premier brands of recreational boats which include Carver®, Champion®, Four Winns®, Glastron®, Hydra-Sports®, Larson®, Marquis®, Ranger®, Scarab®, Seaswirl®, Stratos®, Triumph®, Wellcraft®, and Windsor Craft®. Genmar boats are sold worldwide through its approximately 1,100 dealers. Additionally, Genmar utilizes its proprietary VEC® Technology and the Roplene® process in both the manufacture of certain of its recreational boats and for third-party manufacturing.
