For Immediate Release

THE S215 IS A PASSAGEWAY TO RELAXATION

Cadillac, Michigan... Say goodbye to stress and hello to the S215. Like a breath of fresh air, the S215 refreshes and renews with comfort and amenities.

Adding to the beauty of the S215 is the fact that it is trailerable, allowing boaters to make an escape to the nearest marina, or to that hot vacation spot a state away. A Four Winns-manufactured Sure-Load™ tandem axle trailer is standard with the S215. Its low-profile bunk design keeps the boat's center of gravity low, for greater stability while towing. Because it has been custom-designed to fit the running surface, launching and loading are quick and easy. Tops in safety, this Four Winns trailer is equipped with brakes, enhanced LED lights and built-in ratchet straps. Ideal for saltwater use and long-hauls, the galvanized trailer with GatorHyde™ is available for even greater durability; and a Turbo Lube® system with oil bath bearings facilitates quick and easy visual oil inspections.

At 23-feet, the S215 is just the right size for an overnigher away from it all. The cabin is equipped with convenient lighting and a CO monitor and includes V-shaped seating that converts to a sleeping area with storage hidden beneath the V-berth cushions. Boaters can choose from three interior decor packages: Sea and Sand, Black and Tan, and Midnight Blue - all available at standard pricing. The slide-out head is discretely nestled in the cabin where bi-fold removable doors provide plenty of privacy.

New for 2009, the S215 cabin walls are upholstered with smooth suede that provides beautiful texture. Wood trim in the cabins is now a lighter blonde shade inspired by tranquil spa settings. The cabin carpet is also new, in a tightly woven pattern for easy clean-up along with comfort. The S215's cabin also features a small galley with a new pot and pan retaining rail to keep culinary implements where they belong when not in use. A large flatscreen television is standard.

On-board entertaining is a pleasure, thanks to a refreshment center with solid-surface countertop, sink with pressurized water, handy trash container, and a removable cooler beneath the seats. For added style and durability, cup holders are striking stainless steel. A single-burner butane stove and a cockpit table are optional add-ons.

Seating space abounds on the S215. In the cockpit, bucket seats are accommodating with suspension and bolsters for an extra smooth ride. The deluxe bucket seats also feature improved adjustment mechanisms that allow rotation and forward/aft movement, and headrests that boast the Four Winns logo. The stern lounge is adjacent to the swim platform for a new dimension in comfortable seating. Of course, seats feature Aquaflex™ vinyl, now available with pastel accent vinyl to compliment the S215's new exterior gel coat colors. The cockpit includes new carpet that

is both attractive and durable over a fiberglass liner. The windshield features a walk-thru door with magnetic hold for easy access.

A walk-through transom enables easy access to the extended swim platform that features a deep reach, angled hidden ladder with wide step pads for boarding comfort. Removing salt or sand is a snap with the aft freshwater shower. There's an anchor locker at the bow, with overboard draining.

Regardless of how long you plan to stay out on the water, the S215 boasts plentiful storage. The walk-through transom locker is large enough for skis, kneeboards or wakeboards. Plus there is hidden storage beneath the stern seats.

While the S215 helm is highly functional, it is also extremely attractive. Surrounding the new deluxe tri-spoke tilt steering wheel and controls is a backdrop of beautifully polished wood grain. The gauges are accented with polished bezels, adding another stylish element to the helm.

The Faria gauges include a compass, tachometer with an hour meter, fuel gauge, oil pressure, speedometer, temperature, trim, and volt meter. The depth gauge now displays air and water temperature for added convenience. The plastic lenses in these gauges are specially coated to resist fogging and condensation. And when it's time for routine maintenance, the engine hatch has electric-assisted lift.

An iPod/MP3 port and 12 VDC receptacle are at the helm, making it easy to enjoy a music collection or charge a cell phone. The AM/FM/CD player is from Sony and a stereo remote display is built into the helm. A SIRIUS satellite entertainment system is included, along with a six-month subscription. An additional stereo remote at the transom is an option.

A bimini top is standard on the S215, fabricated from top-quality, high performance Sunbrella® fabric and stainless steel hardware. A newly designed top frame mounting pin makes managing the bimini top even easier. Blue courtesy lighting is standard. A flagpole and holder option makes displaying patriotism a snap.

The S215 exterior is standard with premium gel coat finish available in seven colors, including the new Pastel Blue and Pastel Yellow. A two-tone narrow band gel color scheme is offered with wave graphics accented with silver highlights. The S215 is also available in all-white with wave graphic or with a clean and simple water line stripe. A classic color band option is an additional choice, featuring a wide swath of gel coat along with a matching or contrasting hull accent tape. The rub rail features a unique and durable design of rigid white vinyl with a stainless steel insert, and a bow scuff plate is standard.

Customers can select from many engine choices: Volvo Penta choices range from 5.0 GXi/SX 270 hp to 5.7 Gi/DP 300 hp; or MerCruiser power from 5.0 MPI/Alpha 260 hp to 350 MPI/Bravo III 300 hp. And new for 2009, Four Winns is offering catalyst engines designed to significantly reduce emissions in accordance with EPA recommendations.

SIRIUS Satellite Entertainment

In addition to a Sony stereo AM/FM/CD player, and an iPod/MP3 port with 12-volt charger, Four Winns has outfitted each 2009 model with a SIRIUS satellite entertainment system. Included is a free 6-month subscription to SIRIUS' 100 + commercial free channels. For more information on the SIRIUS satellite system go to www.siriusradio.com; where subscribers can also listen on-line.

Winning Edge Owner Protection Plan

All Four Winns boats for 2009 provide boaters with one of the most comprehensive warranties in boating.

- Lifetime limited warranty on structural components of the hull and deck
- Five years of pro-rated protection against osmotic hull blistering
- Two years limited warranty coverage on non-structural parts and components
- One-year limited warranty against cracking, crazing or fading of the exterior gel coat finish

Four Winns - A Genmar Boat Company

Four Winns is a division of the Genmar family of boat brands. Genmar, with approximately 4,000 employees and five manufacturing centers, is the builder of 14 premier brands of recreational boats which include Carver®, Champion®, Four Winns®, Glastron®, Hydra-Sports®, Larson®, Marquis®, Ranger®, Scarab®, Seaswirl®, Stratos®, Triumph®, Wellcraft®, and Windsor Craft®. Genmar boats are sold worldwide through its approximately 1,100 dealers. Additionally, Genmar utilizes its proprietary VEC® Technology and the Roplene® process in both the manufacture of certain of its recreational boats and for third-party manufacturing.

Specifications:

LOA	23' / 7.01 M
Beam	8'1" / 2.46 M
Fuel	35 GAL / 132 L
Deadrise	19°
Max. capacity	1,500 LBS / 680 KG
Approx. boat & engine weight	3,720-3,820 LBS / 1,690-1,730 KG
Draft – drive down	34" / 86 CM
Trailer weight	1,103 LBS / 500 KG
