For Immediate Release

THE FOUR WINNS V338 ENHANCES THE ALLURE OF THE WATER

Cadillac, Michigan... Packed with amenities and amazingly smart use of space, the V338 is always a pleasant surprise to seasoned boaters. It makes a day on the water all the more enjoyable.

It's easier than ever to operate the 2009 V338 with the new Axius stern drive joystick. Working with MerCruiser twin stern drive engines, Axius allows the boat to be maneuvered in nearly any direction at docking speed. Its unique joystick allows even novice boaters to dock with confidence thanks to the intuitive directional controls. There are several other powerful engine choices. Volvo Penta engines include the new EVC (Electronic Vessel Control) with digital throttle and shift, and auto-trim. Mercruiser engines are equipped with the DTS system to allow fast throttle response and smooth shifting. Engine access is made convenient thanks to engine compartment lighting and an electric-assisted lift.

With its patented Stable-Vee® hull, high performance is perfectly integrated with sophistication in the V338. Built to smoothly handle big waters, small day trips and overnights, a comfortable and relaxing cruise is always in store. At 35', this cruiser is expertly designed with beautiful style lines, curved windshield, triple port lite windows, and a standard hinging radar arch with new multi-colored recessed lighting for subtle cockpit lighting.

A canvas bimini top with camper attached to the radar arch is included as standard equipment. The canvas is fabricated from top-quality, high performance Sunbrella® fabric. A hinging fiberglass arch is standard, allowing for easy set-up, storage, transportation and maintenance. The canvas system has been enhanced for 2009 with color-coded zippers that correspond to port (red) and starboard (green) for time-savings. And, a newly designed top frame mounting pin makes managing the bimini top even easier.

The V338 is standard in all-white with a new tapered hull accent tape just above the water line, available in Black, Navy, Red, Driftwood Tan, Copper or Silver. Another option is the two-tone color format with gel coat and a tapered hull accent tape. The classic color band is an additional option, featuring a wide swath of gel coat along with a matching or contrasting hull accent tape. The optional tri-tone exterior format is available in Jet Black or Classic Navy with Driftwood Tan accents. New for 2009 are Pastel Yellow and Pastel Blue gel coat colors for a subtle and rich finish. Premium gel coat finish is available in four colors, including all-white.

A welded stainless steel bow rail is combined with an intermediate lifeline system to provide security in the foredeck area. At the integrated swim platform, Four Winns includes blue courtesy lights and its signature angled, deep-reach hidden ladder with wide step pads for the swimmer's

comfort. A unique transom seat folds down from the transom for extra comfortable seating, and then folds back up for additional space at the swim platform. The swim platform is transformed to a virtual recreation center with all the options that can be selected. Using an optional center rail mounting system, a table, grill, fishing rod holders and a tube rack can quickly be attached. Showcase patriotic spirit with the flag pole and holder option. There's a hot/cold shower for a quick rinse or to remove sand and debris. Flexiteek swim platform flooring is an option, or genuine teak wood flooring for an extra special touch. And in the evenings, the V338's optional underwater lighting creates a beautiful atmosphere with large light fixtures mounted below the swim platform, filling the surrounding water with a luminous glow.

Cockpit seating features newly upgraded Aquaflex™ vinyl, and includes a dual helm with flip-up bolsters, map pockets, port curved lounge and U-shape stern seating with fill-in cushion. Maximizing the space, a refreshment center features solid surface countertops in a light, breezy color, sink, beverage holders, a refrigerator or ice maker, and a trash receptacle. A removable table provides ample serving space, and is available with a solid wood top for added beauty and durability. A cable TV outlet is included and especially useful when boaters select the optional cockpit TV.

The cockpit includes new marine carpet over the fiberglass liner that is both tightly woven for durability, and soft enough to be easy on bare feet. Flooring is also available in Flexiteek, or genuine teak for the ultimate nautical finish. An optional Florentine Package includes vinyl in a new, deep color reminiscent of beach sand, and high-quality carpet with a teak-like slatted pattern woven in. Four Winns also offers custom-matched pillows for the cockpit, creating a warm, welcoming atmosphere from the first steps aboard the V338.

Plus, there's plenty of space for the optional navigational equipment package, which includes a digital depth sounder, C80 GPS/chart plotter, radar, Raymarine VHF-218, and Sirius Satellite Marine Weather. An upgrade includes an E80 display and SR100 Sirius Satellite Marine Weather. The dash has a charcoal finish as the backdrop for controls, including a stunning chrome electronic shifter. Polished bezels highlight a comprehensive series of Faria gauges, tachometer with hour meter and a compass to guide the way. The Faria depth gauge now displays air and water temperature for added convenience. The lenses in these gauges are specially coated to resist fogging and condensation.

New for 2009, the V338 comes with a generator standard. Trim tabs are also included. And for utmost safety precautions, a gas vapor detector gauge is standard. When the dash is not in use, Four Winns provides a canvas helm cover.

Windshield wipers at port and starboard are standard, and the windshield header is stainless steel, featuring a linked walk through door that locks with arms, and with magnetic hold in the open position. The captain will appreciate the new deluxe tri-spoke tilt steering wheel and electronic shift. Stainless steel beverage holders complete the high-tech look. Dual Sony stereos in the cabin and iPod/MP3 ports and 12 VDC receptacles make entertaining easy; perfect for accommodating different tastes in different places. The V338 comes standard with an anchor with upgraded bow roller, windlass, and remote spotlight.

The V338 is available with a choice of several powerful engines. Volvo Penta stern drive power ranges from Twin 5.7 Gi/DP EVC 300 HP to Twin 5.7 GXi/DP EVC 320 HP. Volvo Penta engines include electronic shift. MerCruiser stern drive power is available from Twin 350 MPI/Bravo III DTS 300 HP to Twin 377 MPI/Bravo III DTS 320 HP. MerCruiser engines are available with SeaCore, and include digital throttle and shift.

Entry to the V338 cabin is via a sliding acrylic door that includes a built-in screen. The floor plan features a forward berth with an innerspring mattress and fitted sheets included, overhead lighting and plenty of space for changing. Aft seating with a removable table is situated to allow maximum open floor space, and converts to a roomy double berth. An ample dinette with room to seat four comfortably is located near the well-appointed galley. Storage abounds with cedar-lined hanging lockers in the V berth, under dinette seats, and in cabinets above the dinette.

Boaters can choose from three interior decor packages: Sea and Sand, Black and Tan, and Midnight Blue - all available at standard pricing. Four Winns includes matching throw pillows, and pillow shams to complete the stylish look. New for 2009, selected cabin walls are upholstered with smooth suede that provides beautiful texture and lightness of color. Wood trim in the cabins is now a lighter blonde shade inspired by tranquil spa settings. The new tightly-woven cabin carpet is easy to keep shipshape with the optional central vacume. Or attractive hardwood flooring can be added throughout the cabin. The deck hatch screen system can also be found aboard the V338; this system provides boaters with the ability to select from a screen-only, or complete privacy shade.

The galley of the V338 is outfitted with a newly-designed combination of blonde and mahogany woodgrain cabinetry. A light-colored solid surface countertop is integrated with the sink, sink cover and cutting board. Microwave, refrigerator, two-burner electric stove, a trash receptacle, and power outlets for small appliances are all served up neatly in the galley. Four Winns created a new pot and pan retaining rail to keep culinary implements where they belong when not in use. A coffee maker with stainless steel carafe tucks neatly in its own storage area. Flooring in the galley area is beautiful teak and holly for easy clean-up.

Stylish new wall sconces enhance the atmosphere in the cabin with brushed chrome fixtures and frosted glass shades, perfect for reading. A flat screen TV – now larger for 2009 – with DVD player is positioned above the stove, opposite the main cabin couch. Among other noteworthy interior standard features is a 12,000 BTU air conditioning/ heating unit, and factory-installed carbon monoxide monitors for peace of mind while sleeping.

Boaters who use their V338 for extended cruises will appreciate the many amenities designed into the enclosed head. A lockable door does double duty as the mirror. A VacuFlush® porcelain head is standard. The vanity features a light-colored solid surface counter, stainless rail/towel holder, ample storage, and a mirror. Plus, a hot shower and power ventilation are standard. Tank level indicators for potable water and waste are located in the head. To help Four Winns boaters comply with marine standards, Four Winns now equips the V338 with an interlock switch that prevents unintentional direct overboard discharge.

SIRIUS Satellite Entertainment

In addition to Sony stereo AM/FM/CD players, and an iPod/MP3 port with 12-volt charger, Four Winns has outfitted each 2009 model with a SIRIUS satellite entertainment system. Included is a free 6-month subscription to SIRIUS' 100 + commercial free channels. For more information on the SIRIUS satellite system go to www.siriusradio.com; where subscribers can also listen on-line.

Winning Edge Owner Protection Plan

All Four Winns boats for 2009 provide boaters with one of the most comprehensive warranties in boating.

- Lifetime limited warranty on structural components of the hull and deck
- Five years of pro-rated protection against osmotic hull blistering
- Two years limited warranty coverage on non-structural parts and components
- One-year limited warranty against cracking, crazing or fading of the exterior gel coat finish

Four Winns - A Genmar Boat Company

Four Winns is a division of the Genmar family of boat brands. Genmar, with approximately 4,000 employees and five manufacturing centers, is the builder of 14 premier brands of recreational boats which include Carver®, Champion®, Four Winns®, Glastron®, Hydra-Sports®, Larson®, Marquis®, Ranger®, Scarab®, Seaswirl®, Stratos®, Triumph®, Wellcraft®, and Windsor Craft®. Genmar boats are sold worldwide through its approximately 1,100 dealers. Additionally, Genmar utilizes its proprietary VEC® Technology and the Roplene® process in both the manufacture of certain of its recreational boats and for third-party manufacturing.

Specifications
