For Immediate Release

THE V378 IS FOUR WINNS' ANSWER TO THOSE SEEKING LUXURY

Cadillac, Michigan... The V378 is the stuff of boating legend, distinguished among the great express models of our time. Standard with Volvo's revolutionary Inboard Performance System (IPS) and joystick control, handling and docking has never been easier on a substantial vessel.

With all its stunning attributes, the V378 gets even better in 2009 with a host of beautiful, updated finishing touches such as new carpet, vinyl, interior fabrics and wood finishes. The list goes on, and so does the quality.

Socializing aboard the V378 comes naturally at the helm area with ample seating configured in conversational groupings. Below the standard hard top with new multi-colored recessed lights, the cockpit maximizes smart space usage. From the comfortable port lounge to the generous U-shaped stern seating (with fill-in cushions), to the double width helm, and map pockets, seating is smartly designed for entertaining. Seats feature upgraded Aquaflex™ vinyl and the cockpit includes new marine carpet over the fiberglass liner. Flooring is also available in Flexiteek, or genuine teak for the ultimate nautical finish. An optional Florentine Package includes vinyl in a new, deep color reminiscent of beach sand, and high-quality carpet with a teak-like slatted pattern woven in. Custom-matched pillows are available, creating a warm, welcoming atmosphere from the first steps aboard.

A moonlit dip is delightful from the V378's extended swim platform with blue courtesy lights, and angled deep-reach hidden ladder with wide step pads for the swimmer's comfort. The spacious platform is transformed to a virtual recreation center with all the options that can be selected. Using an optional center rail mounting system, a table, grill, fishing rod holders and a tube rack can quickly be attached. Showcase patriotic spirit with the new flag pole and holder option. Swimmers can enjoy optional Flexiteek flooring for minimal slipping, or genuine teak wood flooring for an extra special touch. And, there's a hot/cold shower for rinsing away sand and debris. The optional underwater lighting creates a beautiful atmosphere with large light fixtures mounted below the swim platform, filling the surrounding water with a luminous glow.

Strategically equipped with an icemaker, the V378's on-deck refreshment center makes short order of frozen beverages with a standard blender, large new breezy-colored solid-surface countertop, sink and refrigerator. For added style, the beverage holders are stainless steel. The standard removable cockpit table is convenient for snacks and socializing. It is also available with a solid hard wood top, polished for beauty and durability. A flat screen cockpit television is another option for keeping abreast of the latest news and best in entertainment via the standard cable TV outlet.

For convenience, this boat has lots to offer: dockside inlets for power, telephone and water. A transom storage locker holds fenders, and the windlass includes foot controls, rope, chain and anchor with upgraded bow roller. A remote flood/spotlight is standard. At service time, the engine hatch has electric assisted lifts.

The captain will surely be pleased with the V378 helm. The V378 dash has a light gel coat color and titanium finish as the backdrop for controls. Polished bezels highlight a comprehensive series of Faria gauges, tachometer with hour meter and a compass to guide the way. The Faria depth gauge now displays air and water temperature for added convenience. The lenses in these gauges are specially coated to resist fogging and condensation. For utmost safety precautions, a gas vapor gauge is now standard. Plus, to protect the dash when not in use, Four Winns includes a canvas helm cover.

With the help of the Volvo Inboard Performance System, the joystick control allows the ultimate in ease and precision. By swiveling the top of the joystick, the boat turns on its axis; or the joystick can simply direct the boat to move in the desired direction.

Plus, there's plenty of space for the optional navigational equipment package, which includes a digital depth sounder, C80 GPS/chart plotter, radar, Raymarine VHF-218, autopilot, and Sirius Satellite Marine Weather. An upgrade includes an E80 display and SR100 Sirius Satellite Marine Weather. Imagine the ease of control with the standard dual engine electronic binnacle controls along with a remote spotlight and new deluxe tri-spoke tilt steering wheel. The electronic shift and throttle make shifting smooth and effortless. Trim tabs are standard and fingertip rocker switches feature LED lighting for optimum visibility. The windshield features a stainless steel header, and a linked walk-through door that locks with arms, and has magnetic hold in the open position.

One step below deck, and you'll discover elegant and contemporary cruiser design. A fold-down table and an aft sofa converts to berth at a moments notice. Anchored by a well-appointed galley, even a gourmet would find ample space and equipment. The L-shaped galley is graced with generous solid-surface counter space in a new lighter shade, and beautiful new cabinetry using a combination of blonde and mahogany woodgrain. Under-cabinet lighting makes coffee-making and meal prep a snap. The V378's two-burner flush-mount stove, refrigerator, microwave, and trash receptacle are all discreetly mounted within the woodgrain encasements. Four Winns created a new pot and pan retaining rail to keep culinary implements where they belong when not in use. Flooring in the galley area is beautiful teak and holly for easy clean-up. To top it off, dining is a pleasure with generous sectional seating along with two movable ottomans and an adjustable table.

Privacy is a given aboard the V378. Four Winns offers a private forward stateroom with widescreen TV as a standard for the most home-like master suite. It is complete with a raised berth with retractable curtains, under-berth storage and a cedar-lined hanging locker.

Mid cabin can be partitioned with privacy curtains to conceal sleeping quarters effortlessly converted from the generous sofa using the clever electric sofa-to-berth switch. Boaters can choose from three interior decor packages: Sea and Sand, Black and Tan, and Midnight Blue - all available at standard pricing. Regardless of the color scheme, included are decorating accoutrements such as throw pillows, shams, V-berth sheets, and inner spring mattress that round out the luxury of the cabin. Adding to the comfort is the V378's 16,000 BTU air conditioning and heating system for the perfect climate, no matter the season. The tightly-woven cabin carpet is new for 2009 and can be kept shipshape with the standard central vacume; or as an option,

attractive teak flooring can be added throughout the cabin.

The cabin's multi-zone lighting and window system sets the mood for entertaining and allows for isolated lighting. Stylish new wall sconces enhance the atmosphere in the cabin with brushed chrome fixtures and frosted glass shades, perfect for reading. Entertainment on cool evenings is convenient and versatile with two flatscreen televisions and DVD players mounted in the galley and V-berth. In response to boater feedback, the TV in the galley is now larger for 2009. Plus, the new dual Sony stereos enable the boater to play separate stations at the helm and in the cabin to accommodate different tastes in different places. iPod/MP3 ports at the cockpit and cabin make it easy to tune in or charge a cell phone with the 12-volt charger.

The head and shower's spacious design and function are added luxuries, with a porcelain VacuFlush head, and separated hot water shower. An elegant raised glass bowl sink and new lighter-color solid-surface vanity, along with a two-tier storage area, towel rack and overhead lighting make the space perfectly beautiful and efficient. Ventilation is no problem with the screened port light and power ventilation fan. Tank level indicators in the cabin help to ensure fresh water and waste are attended to as needed. To help Four Winns boaters comply with marine standards, Four Winns now equips the V378 with an interlock switch that prevents unintentional direct overboard discharge. \

The V378 is standard in all-white with a new tapered hull accent tape just above the water line, available in Black, Navy, Red, Driftwood Tan, Copper or Silver. Another option is the two-tone color format with a tapered hull accent tape. The classic color band is an additional option, featuring a wide swath of gel coat along with a matching or contrasting hull accent tape. The optional tri-tone exterior format is available in Jet Black or Classic Navy with Driftwood Tan accents. New for 2009 are Pastel Yellow and Pastel Blue gel coat colors for a subtle and rich finish. Premium gel coat finish is available in four colors, including all-white. An optional two-tone gel band in Classic Navy, Driftwood Tan, or Jet Black is available, along with an optional Classic Color Band.

A color-matched canvas camper system, fabricated from top-quality, high performance Sunbrella® fabric, is included as standard equipment, and converts the deck to a fully sheltered entertainment area for those breezy evenings on the water. The canvas system has been enhanced for 2009 with color-coded zippers that correspond to port (red) and starboard (green) for time-savings. And, a newly designed top frame mounting pin makes managing the bimini top even easier.

The V378 is available with a choice of gasoline or diesel power. Volvo Penta gasoline power is available in Twin IPSG 550 with Joystick Control; and Volvo Penta diesel is available in Twin IPS 500 with Joystick Control. Electronic shift is standard with Volvo Penta. MerCruiser gasoline power is available in Twin 8.1 S DTS 370 hp (inboard). Digital throttle and shift is standard with MerCruiser power.

SIRIUS Satellite Entertainment

In addition to a Sony stereo AM/FM/CD players, and an iPod/MP3 port with 12-volt charger, Four Winns has outfitted each 2009 model with a SIRIUS satellite entertainment system. Included is a free 6-month subscription to SIRIUS' 100 + commercial free channels. For more information on the SIRIUS satellite system go to www.siriusradio.com where subscribers can also listen on-line.

Winning Edge Owner Protection Plan

All Four Winns boats for 2009 provide boaters with one of the most comprehensive warranties in boating.

- Lifetime limited warranty on structural components of the hull and deck
- Five years of pro-rated protection against osmotic hull blistering
- Two years limited warranty coverage on non-structural parts and components
- One-year limited warranty against cracking, crazing or fading of the exterior gel coat finish

Four Winns - A Genmar Boat Company

Four Winns is a division of the Genmar family of boat brands. Genmar, with approximately 4,000 employees and five manufacturing centers, is the builder of 14 premier brands of recreational boats which include Carver®, Champion®, Four Winns®, Glastron®, Hydra-Sports®, Larson®, Marquis®, Ranger®, Scarab®, Seaswirl®, Stratos®, Triumph®, Wellcraft®, and Windsor Craft®. Genmar boats are sold worldwide through its approximately 1,100 dealers. Additionally, Genmar utilizes its proprietary VEC® Technology and the Roplene® process in both the manufacture of certain of its recreational boats and for third-party manufacturing.
